DISDAINS HYSTERICS
AND CALLS POLICE

She Had Retired Early and
was Aroused by Creeping
of Robber.

BAKERSFIELD, March 22.—
Aroused from sleep by stealthy
footsteps in the kitchen of a bun-
galow which she is inhabiting
temporarily, Mrs. D. A. Shively,
a prominent social leader in this
city, fought a pistol duel with a
thief early this morning, fright-
ening the intruder from the prem-
ises only after the exchange of
several shots.

Clad only in a night gown and
with her hair falling loosely about
her shoulders, Mrs. Shively arose
from her bed at the first alarm,
and clasping a small gun which
she had under her pillow, in her
hand, stole to the kitchen door to
find the thief standing near a sil-
ver chest.

Raising her gun, she fired two shots
from the shadow of the door jamb.
An answering discharge shattered the
frail wooden scuttling at her side, but
without effect. She fired again and
again. The burglar, frightened by the
unexpected and plucky defense, the
burglar turned and without waiting
to open the window, leaped through
the pane of glass.

LEFT PIECES OF COAT.
Fragments of his coat and blood
stains left in his hasty exit are the
only clue to his identity. The po-
lice are searching for the intruder,
who is thought to be a resident of
the district in which Mrs. Shively
lives, inasmuch as he chose a
night when Mr. Shively was
known to be away, for his at-
tempted holdup.

Thoroughly frightened by her ex-
perience, but disdaining hysterics,
Mrs. Shively called up the police im-
mediately after the thug's departure
and with cool-headed attention de-
tailed all the facts of the battle of
bullets.

"I was frightened, but I was
equally determined that the thief
could not get away if I could pre-
vent it," she said today. "If the
light in the kitchen had been bet-
ter I feel sure I could have hit
him."

HAD TO LEAVE WIFE ALONE.
Called away on business, Shively,
who is a well known business man
here, was forced to leave his wife
alone. Both decided that there was
no foundation for fear, but as a pre-
cautionary measure Mrs. Shively con-
sented to sleep with a gun under her
pillow. She had been asleep several
hours after retiring early, when she
was disturbed by the noise of an open-
ing door.

Sitting up in bed, she listened while
stealthy footsteps crossed the kitchen
and then, springing to the floor, she
snatched the gun from its hiding
place and crept to the scene of the
disturbance.

Mrs. Shively is widely popular here,
where for many years she has been an
acknowledged social leader.

ROOSEVELT CABLED
ASKING PINCHOT TO
MEET HIM; HE WILL

WASHINGTON, March 22.—
In response to a cablegram
from former President Roose-
velt it became known here to-
day that Gifford Pinchot, late
chief forester of the United
States, sailed from New York
Saturday on the steamer Presi-
dent Grant and will meet Mr.
Roosevelt when the latter
reaches London.

The fact that Mr. Roosevelt
sent for Pinchot as soon as he
emerged from the African jung-
le and began to hear both
sides of the story of the ruc-
tion that had occurred in
Washington since he left, is
considered of the greatest pos-
sible significance in its bearing
on Mr. Roosevelt's attitude
toward the present administra-
tion and its accomplishments.

Lawyers Clash Over Motion of
District Attorney in the
Tong Cases.

ATTORNEY FOR DEPUTY
STARR WANTS INQUIRY

Judge Brown Continues Matter
Until Next Week—Likely
to Investigate.

Attorney Phil M. Walsh, who appeared
as special prosecutor for the Yee family
in the criminal cases growing out of
the last time war, succeeded this morning
in getting the motion of the District
Attorney's office for the dismissal of
the action against Leo Tong, Leung Bow
and Low Yee of the On Yick accused of the
robbery of the Yee Ming, into such a legal
angle as to leave Superior Judge Brown
"in the air" as to the proper disposition
of the motion.

When Judge Brown called the matter
up again, Assistant District Attorney
Hines and Deputy District Attorney
Smith were present to represent the
people. Attorneys Clarence M. Reed and
Attorney Frank Drew of San Francisco
appeared for the defendants and the On
Yick Tong, and Attorney A. J. Leach
was on hand in the interest of Deputy
Constable George C. Starr, against
whom, together with the Chinese wit-
nesses for the prosecution, the District
Attorney's office had charged either di-
rectly or by innuendo the crime of per-
jury at the preliminary hearing of the
case.

COURT STARTS BATTLE.
The court started the legal battle over
the motion to dismiss about 10:30 o'clock
when requested Deputy District At-
torney Smith to read his office's elaborate
application for the dismissal of the case.
The motion proved to be a most sensa-
tional document. It recited that the rob-
bery of Yee Ming was supposed to have
taken place on a dark night about 190
feet from a railway station at Yick-
ton, the men claiming to be robbed being
members of the Yee family.

According to their story they were
wounded by a burglar and met four
members of the On Yick Tong, who
followed them to the station and
robbed them of \$108 and a gold watch,
and the District Attorney's motion

Poverty 'Crazed' Carpenter
Threatens Wife of Friend
With Pistol.

SHE FIGHTS HIM OFF
AND SUMMONS POLICE

Man Then Shoots Himself in
Breast and Dies in the
Lane Hospital.

SAN FRANCISCO, March 22.—After
assaulting the wife of his friend and
threatening her with a loaded re-
volver after first ascertaining that
her husband was away and that there
was a clear field for his operations,
Alfred E. Peterson, a carpenter, was
foiled by the woman who telephoned
for the police, and six hours later be-
moaning his poverty and writing two
letters, one containing a note of cen-
sure to his wife, he fired a bullet into
his breast which resulted in his death
this morning at Lane Hospital.

At 9 o'clock yesterday morning
Mrs. Joseph Dorso of 3204 Buchanan
street responded to a ring at the bell
and confronted Peterson, who in-
quired: "Is your husband in?"

The woman stated that he was
not and that he had left to return a
few moments later and ask per-
mission to come in out of the rain,
saying that he was wet. Mrs.
Dorso admitted him to the kitchen
and went on about her work. As
she passed through the hallway
she was seized by Peterson, who
clutched her throat, menacing her
with a revolver.

STRUGGLED WITH MAN.
She screamed for aid and strug-
gled in his grasp, tearing at his
hair and endeavoring to wriggle
from him. At length she suc-
ceeded in getting away, and ran to
the hall door and thence to the
street terrified beyond measure.
She later telephoned for the po-
lice.

When Policeman Francis from the
North End station arrived, Peterson
had gone and he advised Mrs. Dorso
to swear to a warrant for his arrest.
She replied that she would consult
her husband and gave the police the
man's address, 1169 Vermont street.

No further steps were taken by the
police but at 3:30 yesterday afternoon
Peterson shot himself in the breast
and was removed to the Mission
Emergency Hospital. Later he was
transferred to the Lane Hospital
where he died about 9 o'clock this
morning.

MADE SAVAGE BY POVERTY.
The two notes left by him contain
no hint of affection for Mrs. Dorso,
nor do they mention the episode of the
robbery. The woman is inclined to
believe that Peterson was made sav-
age by his poverty and was desirous
of securing her valuables. It is prob-
able, however, that the exact reason
for the sudden assault was made after
he had ascertained that her husband
was away and would remain a mystery.

The two missives left by Peterson
are as follows:
"Dear Darling Wife—I am gone, and
I suppose soon forgotten by you. But
I want to say to you dear, that what
I have done I am not responsible for.
I love you but you never would give
a kind word, you were always cross to
me. I hope you will be happy after
getting rid of me, sweetheart. You
called me a coward and said I was
afraid. Well, I took you at your
word. Darling, try and control your
temper after this and you will find
you will be happier. Kiss the children
for me, and remember I died still
loving you. Your unhappy husband,
"AL."

ley."

HAWAII TRADE
COMING TO
OAKLAND
DOCKS

American - Hawaiian Steam-
ship Line Contemplates Main
Terminal on This Side.

DEVELOPMENT OF HARBOR
BRINGS FIRST RESULT

Official Announcement Has Not
Been Made, But Report
Is Authentic.

According to a report which
is accredited to a responsible
source, the prospects are good for
the coming to Oakland harbor of
the American-Hawaiian Com-
pany's steamships as soon as the
reconstruction of the Oakland
Dock and Warehouse Company's
wharves, which extend from the
foot of Alice street to the foot of
Fallon street, is finished.

Suitable Docking

The report is to the effect that
the dock and warehouse company
were recently advised by the ac-
credited representative of the
American-Hawaiian Steamship
Company that the latter corpora-
tion has been for some time past
desirous of bringing its steam-
ships into Oakland harbor and
seeking for suitable docking fa-
cilities for them, and that, if the
Oakland Dock and Warehouse
Company would reconstruct its
wharves and deepen the water in
front of them to a uniform depth
with the channel of the harbor
his company would lease the
docks and bring its ships to this
side to load and discharge car-
goes.

Work Is Begun

The work of reconstructing the
docks has already been started, a
contract having been awarded to
the R. T. Stone Company by the
Oakland Dock and Warehouse
Company for \$60,000, as has al-
ready been reported in THE
TRIBUNE.

When interviewed on the subject
of the leasing of the new dock to
the American-Hawaiian Steamship
Company, Edson F. Adams, president
of the Oakland Dock and Warehouse
Company, said he was not aware
that any lease of the property had
been made to the American-Hawaiian
Steamship Company or any other
company. I have not been giving any attention
to the management of the docks,
that being left entirely in the hands
of the manager. I should be very
glad to see the steamship company
come over to Oakland and will give
it every encouragement and provide
all the facilities it may desire. Of
course, whether any lease has been
contemplated or not, the dock prop-
erty had to be reconstructed and
the contract that has been made by
the Oakland Dock and Warehouse Com-
pany for that purpose is entirely in-
dependent of any prospective lease
to the American-Hawaiian or any
other steamship company which may
desire to use our wharves after their
reconstruction is completed.

COMING TO OAKLAND.
THE TRIBUNE'S informant, who,
although not willing to allow his
name to be used in the matter at
present, is very close to the inside of
the affairs of the American-Hawaiian
Steamship Company, says emphatic-
ally: "The American-Hawaiian is
going to bring its steamships to Oak-
land harbor and they will come to
the new wharves of the Oakland
Dock and Warehouse Company. The
authority for that statement comes
from a thoroughly reliable source."

BRINGS GREAT FLEET.
The American-Hawaiian Steamship
Company has a fleet of large steam-
ships operating in the triangular trade
between San Francisco, Honolulu and
Salina Cruz, the western terminus of
the Tehuantepec Railroad. The com-
pany has a long term contract with
the Hawaiian sugar planters for the
transportation of their sugar crop
over the Tehuantepec Railroad, and
a similar contract with the railroad
company—which is an English cor-
poration—for the carrying of all
freight coming over its line destined
for San Francisco and Mexican por-
ts. For many months past, the
steamship company has been carrying
merchandise billed for delivery in
Oakland. These imports have been
steadily increasing until they amount
to several hundred tons of freight per
month and the trade is reported to
be still growing apace. The company
has also undoubtedly an eye on the
exceptional facilities for commerce
which are presented in Oakland har-
bor by the proximity of its com-
mercial water front to the main trunk
lines of the Western and Southern Pa-
cific Companies.

Mrs. Latham Wants \$700,000
Estate of Husband for Herself

MRS. JOHN C. LATHAM, who will contest will of aged
husband.

NEW YORK, March 22.—On the
ground that her aged husband was of
unsound mind when he signed the instru-
ment that leaves her practically pen-
iless, while distributing \$700,000 to vari-
ous charitable institutions, Mrs. Elsie
Latham, widow of John C. Latham,
founder of the firm of Latham,
Alexander & Co., has opened a contest
to break his will.

Before her marriage Mrs. Latham, who
is an exceptionally beautiful woman, was
a Southern belle. Belonging to an old
and highly respected though poverty-
stricken family, she met Latham during
one of the millionaire's automobile tours
through Tennessee. Shortly after their
engagement, which came as a surprise
to their mutual friends, was announced,
and a runaway marriage followed in
rapid sequence. For a time all went
merrily as the proverbial wedding bell,
when suddenly a mysterious rift in the
lute of conjugal peace drove the pretty

bride to Europe and the elderly groom
to a closer attention to his best busi-
ness interests.

Through cable and post difficulties
were partly patched up, however, and
Mrs. Latham returned some months ago
to find her husband in the throes of his
last illness. She was by his side con-
stantly toward the end, but he held an
undying grudge against her for some
mysterious reason, according to her
sworn affidavit, and when the end came
it was found that he willed the bulk of
his money to charitable purposes. The
small income which she is to derive from
the estates is tied up in stipulations and
clauses, chief among them being a re-
quest that she remain single during her
lifetime. Mrs. Latham asserts that her
husband was not in his right mind when
he signed the will, and that, sick and
dependent over her, he was unable to
quarrel, he fell a ready victim to outside
influences.

Case Against Cudahy
Dismissed by Court

Assistant District Attorney Says
Case Should Never Have
Been Brought Up.

KANSAS CITY, March 22.—The case
growing out of the assault made by J.
P. Cudahy, the packer, on Jere F. Lillis,
the banker, was dismissed in the munici-
pal court here today by Daniel Howell,
assistant city attorney.

Howell made no comment, further than
to say the case should not have been
brought in the municipal court. Brown
was driving. The accident occurred in
the yard of 679 Thirty-seventh street,
where the creamery has a lease on a barn.
The yard has been muddy for the last
three or four days, and as he drove in
the wheels of the wagon stuck. Several
men in the neighborhood got behind the
heavy vehicle to shove it in, while the
horses were urged forward by Nunes.

Suddenly the wagon started and before
Nunes could stop the horses they entered
the barn and he was crushed between the
door and the hay. Considerable difficulty
was encountered in extracting him from
his position, and when he was finally
taken down it was found that his chest
had been so crushed that his heart had
been fractured.

Nunes was 26 years old and unmarried.
His body is at the morgue pending an
autopsy.

ROREBACK IS
TRANSFERRED
TO CHICAGO
DISTRICT

His Successor Has Been the
Receiver of the Union
National Bank.

APPOINTED TO FILL
NEWLY MADE VACANCY

Will Probably Hold Both Places
Until He Is Relieved of
Present Position.

WASHINGTON, March 22.—
Henry N. Morris, receiver of
the Union National Bank of Oak-
land, Cal., has been appointed na-
tional Bank Examiner for the
San Francisco-Oakland district to
fill the vacancy caused by the
transfer of Examiner Roreback
to Chicago.

When the Union National Bank was
forced by the comptroller of the Cur-
rency, something more than a year ago,
to close its doors for a second time, and
was placed in the hands of a United
States receiver, the San Francisco-Oak-
land District United States Bank Exami-
ner C. F. Roreback was placed tempo-
rarily in charge. He remained in charge
one month, when Henry N. Morris was
ordered by the comptroller to come up
here from San Antonio, Texas, where he
was winding up the affairs of a defunct
national bank in that city as United
States receiver, to relieve Mr. Roreback.
Since then he has been in complete con-
trol and devoting his energies to the con-
version of the securities and other re-
sources of the bank so as to recoup the
depositors.

REIMBURSES DEPOSITORS.
Through his administration of the
bank's affairs as receiver he has suc-
ceeded in saving enough from the wreck
that will reimburse all depositors dollar
for dollar with a moderate interest on
their deposits and leave a surplus for
distribution among the stockholders.

Roreback's transfer to Chicago made a
vacancy in bank examinership in this
district, and Morris has been promoted
to fill it, evidently as a reward for his
work as receiver of the San Antonio Na-
tional and the Union National bank of
Oakland.

He will probably continue to hold the
receivership of both these institutions
until a successor is appointed to fill his
place.

MORRIS IS ABSENT.
Mr. Morris is absent this afternoon in
San Francisco, hence it was impossible
to ascertain who will succeed him as re-
ceiver of the Union National Bank, in the
event of his new duties requiring him to
be relieved of the responsibilities of the
receivership.

LUXOR, Upper Egypt, March 22.—
The greater portion of today was re-
served by the Roosevelts for one of
the most delightful excursions of the
week, which took them into the plains
of Thebes and amid the majestic ruins
of that ancient city.

The objective point was the tomb
of the Kings and the tour of the beau-
tiful valley stretching on to the tombs
of the Queens proved of absorbing
interest. The return to Luxor was
made leisurely and it was midafter-
noon when the tourists reached their
hotel enthusiastic over what they had
seen.

RED LIGHTS GLEAM IN THE ENLARGED TENDERLOIN

Board of Police Commissioners
Remove Lid From San
Francisco "Coast."

"BUT NOTHING AFTER,"
IS WARNING DISPLAYED

The New Section Bounded by
Mason, Taylor, Turk and
O'Farrell Streets.

SAN FRANCISCO, March 22.—The tenderloin has been enlarged. A new red line has been established, the red lights will glitter and the painted faces smile in new surroundings, with new privileges. The rhythm of music and the joy of the dance will be a feature of the night life in a new section of the city.

Shortly after the city the boundary lines were drawn in the Barbary Coast and Chinatown districts and the region where "anything goes" was fixed at Sacramento on the south, Montgomery on the east, Broadway on the north and Stockton on the west. To be sure there were resorts around the Rue de Mason, and up and down Turk, Eddy and Ellis streets across Market, but these were for the most part quiet and there was a gentle sprinkling of patrons, and scarcely any of the music and ribald laughter which characterized the section within the dead line.

ALL CHANGED.

All this is now changed and it largely comes through the desire of the patrons of the Breakers, Spider Kelly's and Shift Brothers to trip the light fantastic and indulge in a Merry Widow waltz or two until the respectable hour of 1 a. m.

The lid is off. The Board of Police Commissioners at their meeting last night decided that the desires of the majority in the district concerned should hold good and accordingly, practically the same license will be allowed as in the old district. The new section is to be bounded by Mason, Taylor, Turk and O'Farrell streets.

The Commissioners insist, however, that the strict letter of the law be followed and there must not be so much as a "relaxation" after the hour of one has struck. The practice of putting back the clock which has been indulged in even in some of our local courts of justice, to get the best of that trying time, is strictly tabooed.

Slayer of Sister Pleads Not Guilty

A Sixteen-Year-Old Fratricide
Calmly Regards the Charge
Against Her.

MASHILLON, Ohio, March 22.—"Not guilty" was the plea entered by 16-year-old Catherine Manz when arraigned before Mayor Remley today on the charge of murdering her sister, Elizabeth, aged 19, by administering deadly drugs. The warrant charges murder in the first degree.

After a night in the Massillon jail the girl underwent today a two-hour examination, throughout which she calmly chatted and affirmed her innocence. She reiterated her original story of a mysterious man for whom she had purchased strychnine and who had given her two capsules which she says she believed contained quinine.

Her hearing will be deferred until the Cleveland chemist makes his report.

Ranchers Welcome San Diego Storm

SAN DIEGO, March 22.—Half an inch of rain since 2 o'clock this morning is the record for the storm that now covers practically all San Diego county and there is no sign of cessation. The rain has been accompanied by high wind and although rather late in the season, is welcomed by the ranchers, who regard it as a Godsend.

PEDDLERS IN COURT.
Six fruit peddlers appeared in Judge Smith's court this morning on charges of violating the pure food ordinance of the city, resulting from a complaint to have coverings on their wagons and two of them were found not guilty. The other four cases were set for tomorrow for trial.

DON'T KNOW HOW To Select Food to Rebuild On.

"To find that a lack of knowledge of how to properly feed oneself caused me to serve ten years as a miserable dyspeptic, is rather humiliating. I was a sufferer for that length of time and had become a shivering, nervous, natural self. I was taking medicine all the time and eating the best I knew how."

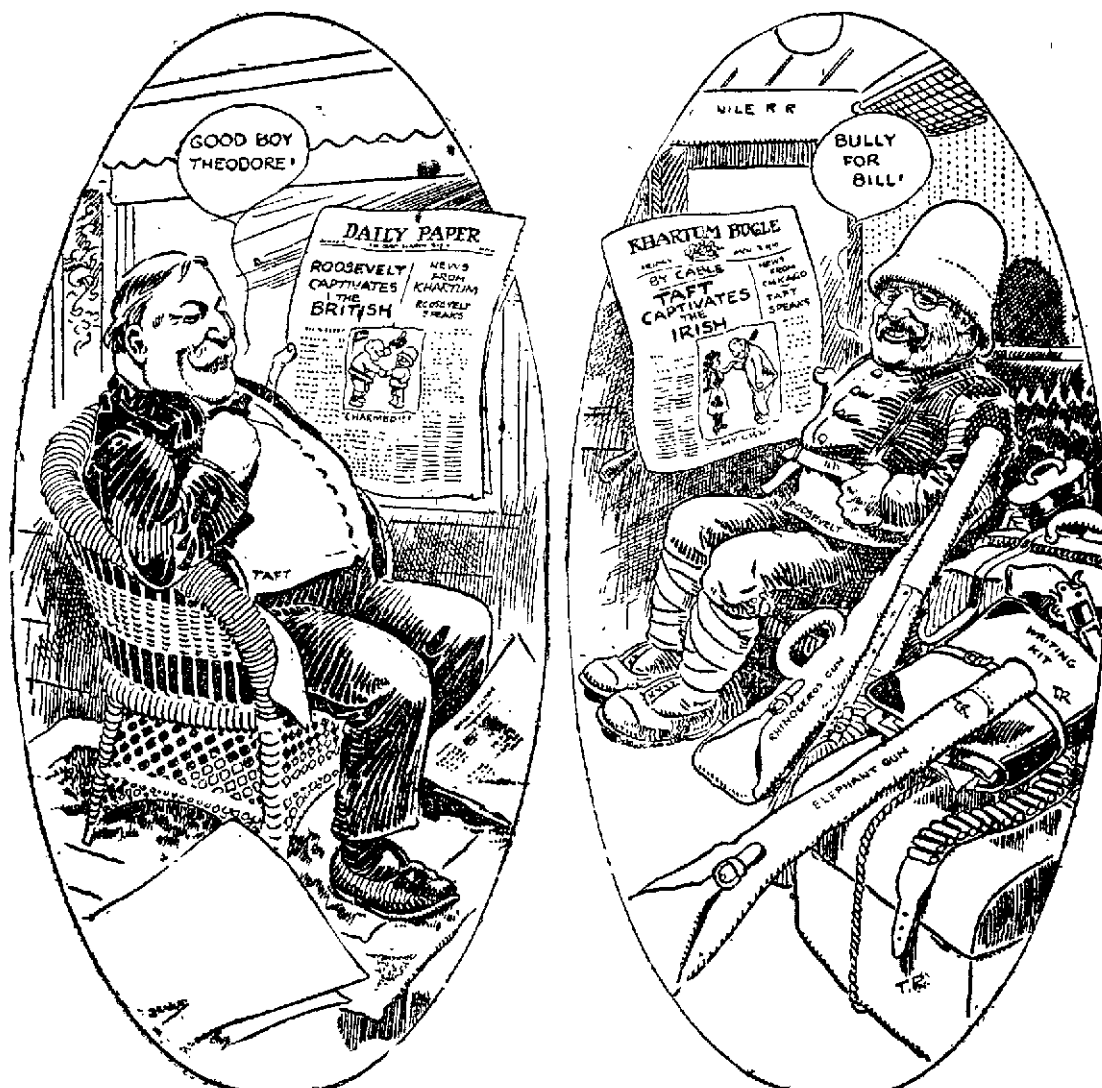

"One day I heard of Grape-Nuts food. In which the starch was predigested by natural processes and that the food rebuilt the brain and nerve centers. I knew that if my nervous system could be made strong and perfect, I could digest food all right. So I started on Grape-Nuts with very little confidence. As I had been discouraged for a long time, I was improving after living on Grape-Nuts a little while, and in three months I had gained 15 pounds and was feeling like a new person. For the past two years I have not had the slightest symptom of indigestion, and am now perfectly well."

"I made a discovery that will be of importance to many mothers. When my infant was two months old it was being fed on the bottle and was not doing well. I began to feed Grape-Nuts—first, only the water poured over—later, the softened food. The child began to improve rapidly, and is now a year old and very fat and healthy and has never been sick. It is unusually bright—has been saying words ever since it was six months old."

"I know from my experience that there is something in Grape-Nuts that brightens up any one, infant or adult, both physically and mentally."

REFUSES TO OBEY GOMPERS' ORDER

Central Labor Council Balks at
Order to Receive Bar-
bers' Union.

Claiming that a letter recently received from Samuel Gompers, president of the American Federation of Labor, ordering the reinstatement of the Oakland Barbers' Union in the Central Labor Council, is but an opinion, and not to be obeyed unless the council sees fit, the Central Labor Council has refused to seat the delegates of the barbers, and has appointed the whole question to the executive council of the federation for decision.

The trouble grew out of the refusal of the barbers' union to pay a fine imposed on them by the council for failure to participate in last year's labor day parade. On the refusal of the union to pay the fine it was expelled from the Central council, and shortly after appealed to Gompers for reinstatement, asking the national president to force the local council to accept the barbers' delegates.

GOMPERS DECIDES.
Gompers, after considering the matter, came to the conclusion that the union could not be expelled for refusing to pay a fine, when the council's right to impose the penalty was doubtful. This he informed the council a few weeks ago, thus stirring up a hornet's nest among the labor men, who at once refused to obey his decision, and demanded that the executive council, which is the last court of resort in labor troubles, sit on the question. The matter will be taken up at the next meeting of that body.

Mrs. Crocker Hurries To Daughter's Bedside

SAN FRANCISCO, March 22.—Bidding her friends goodbye, Mrs. William H. Crocker left Burlingame last Saturday for Paris to be at the bedside of her daughter, Miss Ethel Mary Crocker, who soon will be operated upon for appendicitis. The arrangements for the postoperative care of the patient have been made. If the condition of the patient allows the doctors will wait until Mrs. Crocker reaches the French capital.

Mrs. Crocker will remain in New York until Saturday morning, when the White Star steamship Oceanic sails for Cherbourg.

Miss Crocker has been studying in Paris since last October and is a general favorite there as well as in her home city.

Canadian Hero Is Honored by the King

DETROIT, Mich., March 22.—The first King Edward medal to be awarded to any Canadian has been presented to Commander Thomas Reynolds of North Bay, Ont., by King Edward of England. Recently, he saved the lives of eight passengers who were imprisoned in a partly submerged coach, and was awarded the medal in recognition of this heroism.

"Lantern Aloft" in Old Tower Unimportant

BOSTON, March 22.—The hanging of lanterns in the belfry of the old North Church by Paul Revere was ecclesiastically an unimportant matter and the "burning of an admission fee to a place of worship is contrary to the principles and standards of the Episcopal church," says the Right Rev. William Lawrence, D. D., Bishop of Massachusetts, in an article of the current Church Militant, the diocesan organ.

Direct Course

Washington street is to be extended to San Pablo avenue from Fourteenth street in a straight line.

Such was the unanimous determination of the City Council last night, as expressed in a resolution declaring it to be the sense of that body that the extension of the thoroughfare should be in a straight line.

The City Attorney was further directed to prepare for the condemnation of the Dunn property through which the extension will pass.

The determination was reached as the result of an executive conference in the Mayor's office, participated in by the members of the Council, Mayor Matt, City Engineer Turner and John Galen Howard, supervising architect of the new city hall. Architect Howard explained that while he had formerly recommended the extension of Washington street should be made on a curve, he had done so with the then existing conditions in his eye. But since the appropriation of money in the bond issue providing for the purchase of additional property upon which to rear the projected new city hall and enable it to be set further to the west, so as to

present a straight front to Washington street, as extended, he strongly urged the direct course.

City Engineer Turner showed on the map that with the acquisition of the Capitol property the site would be ample for the new municipal structure with Washington street extended on a straight line.

Councilman Steinfater presented the resolution favoring the straight extension of Washington street and received several seconds. Councilman Ellsworth explained that he cast his vote for the straight cut on the representations made by John Galen Howard and City Engineer Turner. He declared that personally he had favored the curve as it was more economical and was immediately possible.

"However," declared Mr. Ellsworth, "as John Galen Howard is positive that the straight line should be adopted and the City Engineer assures us that there will be ample area for the erection of the new city hall, I will vote for this resolution, but some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach with the common every day cures advertised that they have come up with their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is what you eat, and does not digest. Instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odors, and deprive the appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diets.

A circular sent broadcast by a leading London house says that since the reign of George III. it has supplied the kings and queens of Great Britain with choice wines and liquors; that it has been filling orders to eminent Americans; and "by permission" it gives a list of leading bankers and American literary men, many of whom are thus supplied with wines and liquors delivered at their doors, "C. O. D." duty paid.

FORBIDS LABOR-SAVING PLAN.
This money and labor-saving plan is now forbidden by the United States Treasury under a heavy penalty. Any shipment of wines or liquors from abroad into this country or in interstate commerce must carry the name of the liquor, the quantity, and the name of the actual consignee upon the outside of the package. The treasury decision directs the collectors of customs to seize all packages of wines and liquors sent into the country in violation of the law. The regulation is to be enforced, and the wine and spirit organizations throughout the country, will try to bring offenders to justice and have the full penalties collected.

In view of the treasury decision, the only way Americans can get foreign bought wines and liquors shipped to them without interference from government agents and excise commissioners, is to buy them abroad either in person or by draft, or through an agent, but the payment must be made there. Then the articles may be shipped, the duty paid here, as on other merchandise, and any express company may lawfully deliver the consignments thus sent.

REALTY ATTACHED.
SAN FRANCISCO, March 22.—The United States Circuit Court has attached several pieces of real estate belonging to the Gray Brothers to protect a default judgment obtained against the Gray Brothers' Crushed Rock Company and H. N. Gray on a \$12,000 note dated July 1, 1908.

**Japan at Attention
As Chinese Invade**

VICTORIA, B. C., March 22.—Japanese newspapers brought yesterday by the steamer Titan comment on the Chinese invasion of Tibet. The Jiji Shimpu looks upon China's action as evidence of a new sense of sovereign rights and a newly formed determination to enforce them, not only in Tibet, but also in Manchuria and Mongolia and believes the invasion may prove a turning point in Asiatic history.

There is excitement among Shinto priests of Japan over the opposition voiced by the Emperor to the introduction of electric light at the sacred shrines of Ise. For centuries all lamps have been used in the temples and recently the temple officials ordered the installation of electric lights. Immediate disapproval was expressed by the Emperor and the change will probably not be made.

WEBER ORDERED TO PROVE TITLE

Judge Wells Cites Husband of
the Late Mrs. Mitchell to
Appear.

Superior Judge Wells issued special letters of administration last evening to Attorney L. Ernest Phillips in connection with the estate of the late Sarah Elizabeth Mitchell. Upon his claim that A. J. Weber had resorted to an unlawful marriage to seize valuable property left by the decedent the lawyer induced the court to issue an order citing Weber to appear next Monday and establish his title to the property and disclose its whereabouts.

Appearing before Judge Wells as the legal representative of the late Mrs. Mitchell's mother, Mrs. Elizabeth Taylor of Hughesville, Pa., Attorney Phillips made the charge that Weber, after being divorced in the Superior Court of Alameda county, but before the final decree was entered in his case, represented himself to Mrs. Mitchell as a widow, as an unmarried man, and persuaded her to mortgage her home in Fruitvale for \$800, lend him the money and go to Vancouver, B. C., and marry him.

ACCEPTED HIM.

Mrs. Mitchell fell into the trap, Phillips told the court, and when they returned from the north he took his wife, as she believed herself to be, into the mountains on a mining expedition. While there she was stricken ill and died a few days after her return to Oakland.

Attorney Phillips said that Weber immediately took charge of the woman's property, diving away and pawing articles promiscuously and spending the proceeds as he pleased. The real estate owned by Mrs. Mitchell is said to be worth about \$200 and Phillips told the court that her home in Fruitvale was handsomely furnished. He also asserted that the deceased had \$3000 in bank at the time of her death.

Weber must explain what has become of all the property and what right he had to appropriate it to his own use. Attorney Phillips says that he intends to bring the matter to the attention of the Grand Jury.

Exposition Rivalry To Be Arbitrated

HAYWARD, March 22.—Senator E. K. Strohbridge, James S. French and P. Wilbert have been appointed delegates to represent the business men's association of this city at the meeting in Santa Barbara to decide the controversy between San Francisco and San Diego as to which city should receive the support of the Pacific Coast cities in the competition for the Panama Exposition. The committee in charge of the meeting has sent communications to all civic bodies in the State asking them to send delegates to the meeting when action will be taken to decide whether either San Francisco or the southern city, the one recommended by the assembled delegates to receive the support of all the Pacific Coast cities in securing the big event.

STOMACH MISERY JUST VANISHES

Indigestion, Gas, Heartburn
and Dyspepsia Go and You
Will Feel Fine in Five
Minutes.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Dietsapin in the house?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Dietsapin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in five minutes and relieves at once such miseries as Belching of Gas, Bloatings of sour undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common every day cures advertised that they have come up with their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is what you eat, and does not digest. Instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odors, and deprive the appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Dietsapin.

Nye Gives Denial To Poll Tax Story

SACRAMENTO, March 22.—State Controller A. B. Nye makes denial of the Vallejo dispatch stating that he intended to ask the next legislature to enact a law requiring voters to present poll-tax receipts before voting. He said:

"The dispatch is wholly incorrect. I have never had any such intention. Having formerly lived in a state which had such a law, I know that its effect was to impose on political party committees the necessity of paying a large share of the poll taxes in order to get out the vote, and that it led to corruption."

Cripple Is Run Down by Auto

Machine Adders Meet
To Work for Honors

W. A. Stuart of the Central Bank, who holds the world's record as an adding machine operator, will be one of the members of the Oakland team of the American Institute of Banking who will compete with the team from the San Francisco chapter in the third annual adding machine contest. The contest will be held in the foyer of the Central Bank Thursday evening at 8:30.

A team trophy will be awarded besides the individual prizes, and it will be an interesting contest, for the laurels of the occasion will be keenly sought and the Oakland team will put forth their best efforts to prevent the honors from going across the bay.

The teams consist of three members each, J. F. Hassler and W. Vor Maunders hold with W. A. Stuart making up the Oakland team. The baseball game between the two chapters will take place March 26.

**AS SENILE RULER
MANTELL PLEASES**

The Tragedian Opens Week's
Engagement With Forceful
Presentation.

Horrible, with the grossness that is inseparable from a characterization of senility and imbecility, was Robert Mantell's Louis XI, which opened a week's engagement of the tragedian last night at the Madam Theatre. It was a masterpiece of portrayal, done with an art that was consummate, so realistic that the audience shuddered and was glad as the feeble-bodied, cruel-hearted, cunning, brainless old king breathed his last with the fear of old age and death, which harried the declining years of Louis XI of France.

The play which Mantell chose as the vehicle of his genius last night was a historical drama adopted from Casimir Delavigne by H. R. Markwell and has for its motif the political intrigues, and the fear of old age and death, which harried the declining years of Louis XI of France.

ONE CHARACTER PLAY.
Like Shakespeare's Lear and Hamlet, it is essentially a one-character play, and like the latter drama, involves a paucity of female characters that is notable in all the plays selected by the tragedian for the coming week.

Bent, furrowed with age, wasted by disipation, senile, doddering, palsied, the character was the apotheosis of unloveliness, but Mantell allowed no vestige of vanity to mar the artistic effect and the portrayal gave every impression of horror which the writer has designed with unwonted skill.

SUPPORT EXCELLENT.
The support is excellent, the work of Marie Booth Russell as Marie, and of Fritz Lieber as Duke de Nemours encompassing an even balance. Miss Russell has a generous share of pulchritude, a pleasingly modulated voice, and grace and self-possession that should make for a histrionic success in a play which would afford her great opportunity. George Stillwell as the Dauphin won the meed of sympathy which the French held of history has ever claimed.

The stage settings reflected the sumptuousness of those bygone days of indulgence and profligacy when a woman's honor was sold for a jewel and a petted concubine dictated to wives and mothers both their fashions and their morals.

APPEALING AUDIENCE.
Owing to the heavy rain storm, last night's audience was smaller than might have been expected, but among those who braved the elements, appreciation was keen and Mantell was called before the curtain again and again in response to applause.

The great tragedian is making this, the most successful tour in many years, and the direction of William Brady and he will appear tonight in the immortal Hamlet. In the passion-tossed, suspicious-torn character of the mad prince of Denmark, the actor is perhaps at his richest. Wednesday he will appear in Richelieu, the world's greatest cardinal, as its king of interest.

**Pretty Teeth
For You**

You owe it to yourself to have pretty teeth. Before the discovery of the Rex Dental Company's method of tooth treatment, what was sent to them in the way of teeth and be resigned to their fate.

Not so today. This is one of the places where you can improve your natural teeth, which are put in the mouth without the aid of plates or ordinary bridge work, can only be compared to perfect, natural teeth, and at that it is seldom that one sees as pretty teeth, even when nature has tried to do her best.

In nearly every case there is some defect, due to ignorant dental work, or disease, or because, as we said before, nature has made your mouth and when she is distributing the teeth.

It is hardly necessary to ask you if you want a set of pretty teeth, for there isn't a man or woman on earth but has that desire.

The question lies entirely with you. The Rex Dental Company's teeth are here for you. The first step to take is to pay a visit to one of our offices to have a free examination made of your mouth.

Why don't you do this right away? We make no charge for the service, and you do not obligate yourself in any way simply because you come for this examination.

It is hardly necessary to ask you if near enough to call at once, in which case you can find out about the Rex Dental Company's method by reading our Free Book About Teeth.

Four pages, beautifully illustrated and filled with useful information about the teeth and their care. If you will send for this book and read it carefully you will make up your mind that you will have a set of the Rex Dental Company's teeth even if you have to travel half way across the continent to get to our nearest office.

Write today, while the subject is fresh in your mind.

SAN FRANCISCO FAVORED BY DELEGATES IN SOUTH

The Northern Metropolis Is Recognized When Conference Is Called.

SAN DIEGO DECLINES TO BE REPRESENTED

Oakland and Alameda Members Pledged to Work for Sister City.

SANTA BARBARA, March 22.—Delegates representing the commercial bodies of a majority of the cities of California assembled here today to pass upon the dispute between San Francisco and San Diego as to which should have the distinction of holding a Panama exposition in 1915. The conference at which the question was to be threshed out was opened at 2 o'clock.

San Diego declined to send official representatives to the conference on the ground that the notice that it was to be held was received too late and, secondly, that the San Diego exposition committee did not feel authorized to speak offhand as representing the people of San Diego. However, the southern claimants sent a delegation to represent it unofficially and it is expected that the claims of San Diego will be stated fully at the conference.

MANY SEATED.

More than 100 delegates representing sixty commercial bodies were seated when the conference was called to order. All were from Northern or Central California except the representatives of Los Angeles, Long Beach, Bakersfield and Ventura. Before the conference was convened the Long Beach delegates declared themselves for San Francisco, as did the delegation from the Los Angeles Merchants and Manufacturers' Association.

BY RESOLUTIONS.

There was much disappointment when the train from Los Angeles drew in and it was learned that no San Diegans were on board. The selection of the exposition city will be brought before the conference in the form of a resolution endorsing San Francisco, submitted by a committee appointed immediately after the meeting organized.

As soon as this resolution is disposed of another resolution calling upon Congress to make an appropriation for the exposition will be adopted.

MAJORITY FAVORS CITY.

Interviews with the various delegates before the meeting indicated an undoubted majority sentiment in favor of San Francisco. The northern delegations were in the majority, and most of them came pledged on behalf of the bay city.

Much interest centers in the probable action of the larger Southern California cities. Sentiment among these delegations favors San Diego, but some of them raise a question as to whether they should obtain from Congress the financial support that might be vouchsafed its greater rival.

The Merchants and Manufacturers' Association of Los Angeles sent to the conference an undoubted delegation but it is predicted that its vote will be cast against San Diego.

Eighty delegates from Oakland, San Francisco, Berkeley, Alameda and other centers in Northern California are here to attend the conference. It is here to decide whether San Francisco or San Diego is to be the site of the Panama canal exposition. The convention assembled here is representative of the leading commercial organizations of the state and the result of its deliberations will decide the location of the exposition.

EAST BAY DELEGATES.

The Oakland delegation is headed by President Walter S. Mackay and Dr. George C. Pardee, H. C. Capwell, Harrison Clay and Bernard Miller. Berkeley is represented by Herbert Jones, president of the Merchants' Exchange, Walter L. Woodward, H. S. Howard, C. A. Griesche, W. J. Mortimer and E. Q. Turner.

The three organizations to send official delegates from San Francisco are the Chamber of Commerce, Merchants' Exchange and Merchants' Association. The leaders of the delegation are Frank L. Brown, C. Friedlander, W. L. Gerstle, James McNab, W. T. Scott, Leon Sloss, Charles Moore, Louis Taussig, M. T. Brandenstein and M. Brunner.

SAN DIEGO FEEBED.

Advices from the South are to the effect that San Diego still refuses to recognize the Santa Barbara conference and has sent no delegates. This aloofness is strongly censured by several inland chambers of commerce. All the representatives from inland towns are certain that whatever is decided at the conference will be accepted as final by the state at large. They consider that the question of obtaining the exposition has passed out of the hands of the two cities preparing for the celebration into the care of the state, and it shall be the great voice of California that shall say where its great exposition is to be held.

Crosses Continent To Wed Her Fiance

After a hurried trip across the continent from Washington, D. C., Miss Katie Middlekauff arrived in this city last night to meet her fiance, John H. Smith of Fort Bragg and the two were married this morning at 11 o'clock in the room of the Y. W. C. A. by the Rev. Homer J. Vosper.

A stranger in the city, Miss Middlekauff upon arrival went to the Association and confided to the officers the object of her visit. Preparations were at once begun and the rooms were fittingly decorated for the occasion. This morning Smith arrived and the ceremony was performed. The couple left at once for Fort Bragg, where the groom is engaged in business.

ROOSEVELT THE GREATEST INSURGENT, PALMER SAYS

Democratic Congressman Declares Former President Taught House to 'Insurge'; Taft Should Save Pennies for Poor

WASHINGTON, March 22.—Referring to President Taft as a rather pliant Executive and characterizing former President Roosevelt as the "greatest insurgent of them all," who taught the insurgents how to "insurge," Representative A. Mitchell Palmer (D.) of Pennsylvania, attacked the administration from the floor of the House today.

Mr. Palmer, in introducing his attack upon the Republican organization and upon administration measures, said the country could expect little real benefit from "this show of effort by the President to redeem the pledges of the Republican platform."

The speaker said he did not impute to the President any lack of good faith, but, he added, "any student of recent and present conditions in the Republican party must realize that, however much the President may desire to carry out the promises of his party, he has bound himself hand and foot to an organization in Congress which has demonstrated on innumerable occasions it can be trusted to nothing except its own false traditions."

FLAYS TAFT.

The first effort of the administration flayed by Representative Palmer was the tariff. He related how President Taft had promised voters that pledges of the Republican party "for tariff revision meant tariff reduction."

"The people understood them," said Mr. Palmer, "that in presenting the platform the Republican party gave its promise, note to the American people. It was endorsed by William H. Taft and accepted by the people at the elections. It never would have been accepted without that endorsement, for the credit of the maker of that obligation had been sadly impaired by the record of years of broken pledges."

"If President Taft had displayed but half the zeal in an attempt to force Congress to reduce the tariff taxation on the necessities of life, displayed in securing those reductions of duties that will result in greater profits to the protected manufacturers already enriched by operation of tariff laws beyond the dreams of Avarice, he would have earned the right to say, as the endorser of the Republican party's promise, he saved its obligation from protest."

SAVE PENNIES.

"If he had been but half as anxious to save the pennies of the workman as he is to save the dollars of the steel trust by dumping into its mills raw materials at much reduced expense, his name would have been enshrined in the hearts of the poor as his praises are now sung in the counting houses of protected wealth."

"The reduction in the tariff on lumber was described by Mr. Palmer as purchased 'at a price of a trade war with Canada, now all too imminent, which is liable to bring into operation the maximum protection of the tariff and increase the tariff on lumber products by 100 per cent.'"

"To say the American people were deceived," he proceeded, "by the double play of a subtle politician and an astute leader of the Republican organization during the last inning of the tariff game is to impute to the citizens of this country a lack of intelligence, for which there is no warrant in their record for prompt punishment they have meted out in the past to parties recreant to their trust."

The thrilling events of the last few days in Congress, the Pinchot incident, postal savings banks and Federal corporations all were included in Representative Palmer's diatribe.

WHERE ARE PLEDGES?

"Now that the insurgents have been whipped into line," he said, "by the successful use of the public opinion and by the successful use of the most gigantic bluff in the history of this body and there men of independent thought and action have been corralled into the party caucus and made to promise to be good, what has become of those pledges in the Republican platform? The Republican legislative program started out bravely to redeem the party promises and to carry out the policies that prevailed in the elections of 1908, but one after another we see the items of this program go down before the insidious assaults of the organization which now unfortunately controls the executive as well as the legislative branch of the government."

"We have witnessed the spectacle of the greatest friend of conservation ever had being hurled from out the councils of the administration because he was over-zealous in his support of the cause to which he has devoted his life. We see the postal savings bank bill amended with the apparent approval of administration in the interest of the great money centers of the country so no man who deprecates the growing strength of the money power can give it his support. We see the judicial government bill a desperate hurled from out the councils of legislation upon the high seas of legislation. We witness the passing of the Federal incorporation bill, and even statehood for Arizona and New Mexico is commended to the future."

Upon these measures Representative Palmer said he had no opinion to express. Some of them he admitted were supported by members of his party.

ALL PROMISED.

"The point I desire to emphasize," he said, "is that every one of them was promised by the Republican platform of 1908—or originated with and was supported by the greatest insurgent of them all, the man who taught the insurgents how to 'insurge,' the man who walked off the Republican reserve with the greatest disregard of results, the man who was responsible for any other cause for the present chief executive, the man who left as a legacy to the incoming administration the unfinished program which the Republican party in its platform promised to complete."

In concluding his address Representative Palmer said the Republicans had their coalition with the President, the insurgents had been coming out of the "jungle."

"His party," he said, as he took his seat, "will be more fortunate than its performances deserve if they do not and upon his return that his hitherto effective weapon will be poised in the air, ready to fall about the heads of those who are responsible for the breach of his party's pledged faith."

CANNON TAKES NO LEADING PART IN HOUSE

Speaker Also Refuses to Talk About His Attitude in the Controversy.

INTEREST IS CONFINED TO RULES COMMITTEE

Insurgents Will Watch the Selection of Members and Oppose Cannonites.

WASHINGTON, March 22.—Speaker Cannon is not taking any leading part in the proceedings of the House, nor is he talking for publication about his attitude. The one thing of greatest interest about the Capitol today, which is expected to grow in interest, was the composition of the new rules committee.

The fact most prominent in the situation seemed to be that a large number of the insurgents would insist upon knowing in advance of the caucus action who the Republican members were to be and upon having the privilege of placing their O. K. upon them.

INSURGENTS WILL CONFER.

Representative Hayes of California, who has presided over all meetings of the insurgents during the present session, stated that it was a certainty that a conference of the insurgents would be called on this subject between now and the date of the Republican caucus.

"I will not stand for men who are close to Speaker Cannon being named as the Republican members of the new committee," he said. "There are a lot of other insurgents who feel the same way. We would lose the fruits of our victory. The country would laugh at us."

Many prominent insurgents, however, like Murdock of Kansas, Norris of Nebraska and Lenroot of Wisconsin, have expressed their intention of entering the caucus without assurances.

DEMOCRATS DELAY CAUCUS.

The Democrats early today discussed the advisability of postponing their caucus until a little later in the week. Representative Lincoln Dixon of Indiana, is prominently mentioned as one of the Democratic members of the rules committee.

Many committees of the House resumed their sessions today in the transaction of business. Representative Townsend of Michigan, who has the administration railroad bill in charge, stated he expected to report it from committee tomorrow.

The House Republicans will hold their caucus for the selection of the six Republican members of the new committee on rules on Wednesday night.

The House Democrats definitely decided today to caucus on Thursday night to select their four members of the new committee on rules. This decision was reported following the announcement that the Republican caucus would be held on Wednesday night.

CALL FOR CAUCUS.

Later Representative Dwight of New York, the Republican "Whip," circulated a call for the Republican caucus for Wednesday and soon received a sufficient number of signatures. A number of the insurgents signed the call. When he heard of the call for Wednesday night Mr. Hayes said:

"It does not sound just right to me that this caucus has been moved forward from Saturday night to Wednesday night. It looks as if they are trying to rush it."

"The insurgents will have a conference between now and tomorrow night on this subject. I don't believe any of the insurgents will come in until we know positively in advance who the selections are going to be."

DEMOCRATS ON THURSDAY.

The Democrats soon afterward called their caucus for Thursday night.

"If I were going to forecast the Republican members of the committee," said a western Republican, "this would be my guess: Daniel of Pennsylvania; Walter I. Smith of Iowa, two members of the present committee; J. S. Fessett of New York, Denby of Michigan, McKinley of Illinois, and probably Gardner of Massachusetts."

"The last-named has all along refrained from anything of personal antagonism to the speaker and is the only insurgent acceptable to all of the regulars."

RETURN TO WORK.

SAN FRANCISCO, March 22.—Following concessions made by the employing firms half of the leather workers who have been on strike returned to work today. It is expected that the other strikers will resume their places tomorrow. The men who returned to work today went back with the agreement that they would be granted an eight-hour working day and an increase of 40 cents a day for piece work.

Many Mourn Sudden Death Of Mathew de la Montanya Jr.

THE LATE MATHEW DE LA MONTANYA JR.

The sudden death of Mathew de la Montanya Jr., 54 years old, at his home, 1920 Eleventh avenue East Oakland yesterday morning was a great shock to his many friends on both sides of the bay, where, as a resident, public official and business man he has held an enviable place among them for the last quarter century.

He was the son of Mathew de la Montanya, formerly a coalminer in this city and prominent business man who still survives him. During his early years he engaged with his father in the hardware business, which he left to take up a position as assistant city treasurer in San Francisco which he held for twelve years, resigning in 1900. In 1901 he was appointed as an inspector, and in 1902 he traveled throughout the State, performing his duties in the most exacting manner, making friends wherever he went, and securing the commendation of the higher officials of the department.

He is survived by a widow, Mrs. Emma C. de la Montanya; two sons, Harry O. and Wilbur B. de la Montanya; and a daughter, Mrs. Ralph A. Newell. One brother and two sisters also survive him. Archibald de la Montanya, Mrs. George H. Vose and Mrs. Ida Saucedo, Harry Morse, founder of the Morse Detective Agency was his father-in-law.

The funeral will be held tomorrow afternoon at 2 o'clock from the family home, Rev. F. L. Goodspeed of the First Presbyterian church officiating.

Dan Richardson, Jerome Denay, George E. Perkins, W. S. Baxter, Thos. S. Bonneau and Paul Schaeffer will act as pallbearers. Interment will be in Mountain View cemetery.

WASHINGTON, March 22.—The Naval appropriation bill, carrying \$129,037,602 was reported to the House today by the Naval Committee. This amount is about \$2,000,000 less than the department estimates. The bill provides for a naval increase of two first-class battleships, one repair ship, two fleet colliers and five submarines.

47 ARE DEAD AS RESULT OF TRAIN WRECK

Thirty-seven of Victims of the Rock Island Disaster Are Identified.

MAJORITY OF BODIES ARE HORRIBLY MANGLED

Little Morgue Is Overcrowded and Presents a Most Growsome Appearance.

MARSHALLTOWN, Iowa, March 22.—Identification of the dead, care of the injured and an attempt to place the responsibility for the disastrous wreck of the Rock Island "Twin City Express" occupied officials of the road, the Iowa Board of Railroad Commissioners and scores of volunteer assistants here today. The list of the dead in the wreck has grown to forty-seven, several passengers having died as the result of injuries, while other deaths are expected hourly. Many of the injured have been taken to other cities, but the Marshalltown hospitals are filled with wreck victims, while others are being cared for in private residences.

As rapidly as possible the identified dead are being removed from the morgue and shipped to their former homes.

Four women still are among the unidentified dead.

LAY MISSIONARIES CLOSE CONCLAVE

Two Hundred Ministers Take Part in the Last of the Assembly.

SAN FRANCISCO, March 22. — The closing session of the Laymen's Missionary movement convention was held yesterday afternoon in the First Congregational Church, where the women of the church were addressed by the prominent missionary workers, who had assembled in this city for the purpose of discussing the missionary movement throughout this country. The talks were given by eminent clergymen and laymen, who touched upon the subject of women in un-Christian countries, their needs of living and the hardships which they encountered while working in the heathen lands.

SPEAKERS AT MEETING.

The meeting was presided over by Frank Dyer of Chicago and addresses were made by F. M. Stead, Rev. Willis R. Hotchkiss and Bishop J. E. Robinson. Shortly after the meeting they left on the noon train for Sacramento. A ministerial session was being held in the lower part of the church, under the direction of J. Campbell White, general secretary of the movement, who took a prominent part in the laymen's missionary movement convention. More than 200 ministers were present and many suggestions for the furtherance of the policy and methods of the movement were adopted.

TRAIN ROBBERS ARE IN THE TOILS

Richard Howley Betrayed by Sweetheart as Seattle Highwayman.

SEATTLE, March 22. — Richard Howley is in custody and warrants are out for the arrest of his companions, who are charged with the robbery of the Great Northern express car here as it was going through the tunnel leading from the King street passenger depot on May 12, 1908. The hold up of the train occurred shortly after 8 o'clock in the evening and the robbers secured more than \$8000 cash.

SEAT MESSENGER.

The express messenger, J. Elmer Perrine, was taken into custody as he passed over the strong box to prevent it being taken by the highwaymen. The Great Northern Express Company has offered a reward of \$5000 for the conviction of the man in custody and his companion in the crime, whom the police declare they have within reach. Howley's connection with the crime was revealed by his sweetheart, Marie Rutherford of Tacoma, and his companion in the hold-up is alleged to be Fred Alexander.

Hayward Club Shies At Powder Factory

HAYWARD, March 22.—The demonstration made Sunday afternoon at the new plant of the Steeltite powder plant here for the benefit of the members of the Melrose Citizens' Club was only a partial success and it is not yet decided whether the club will agree to the operation of the plant. Although the test made upon the materials, which will be mixed at the local plant, were successful, no explosion occurred when the mixture of nitric acid and resin was submitted to concussion, when the ingredients, which will be added at the Nevada plant of the company, were added to the mixture and the test made, an explosion occurred, contrary to the prophecies of officials of the company. Although it is stated by authorities of the company that no explosives will be manufactured at the Melrose plant, all of the dangerous work to be done in Nevada, members of the club fear that the finished explosives may be at some time stored at the local plant if the company gets a foothold.

19 MILES OF CITY STREETS NOW UNDER IMPROVEMENT

Permanent Asphalt Work Being Done on 27,200 Feet of Thoroughfare at Total Cost of \$250,000

Through statistics gathered yesterday by Superintendent of Streets, Walter C. Howe, it is evident that at the present time the City of Oakland is carrying on the largest and most important amount of street work in its history. Throughout the city gangs of men are at work with pick and shovel preparing the thoroughfares for the asphalt and macadam to come.

At the present time more than nineteen miles of streets are being either laid with asphalt or macadamized, and the next season will see even this figure increased in the amount of work done. Under the expert hand of Superintendent of Streets Howe the city has gone into the work with an energy and productivity of the best results. Howe has continually maintained that to lay macadam on streets which are subjected to anything more than the ordinary amount of travel is ridiculous and throwing money away and he has repeated this assertion until he has the city behind him and is laying permanent asphalt pavements on every important thoroughfare.

FIVE MILES.

At the present time the laying of permanent asphalt pavements in different stages of work is taking place on more than ninety-four blocks. This work is spreading itself over a total of 27,200 feet or more than five miles.

The work done on these five miles, and much of that now being carried on in the residence section, is all standard asphalt work. The standard asphalt, or bitumen, is laid on concrete bases which are themselves put down with great care, and all roads to be hardened before the asphalt is spread.

The cost of laying the standard asphalt on these ninety-four blocks will be in the neighborhood of \$250,000.

At the time this work is going on, the macadamizing of more than fourteen miles is also taking up some of the attention of the Street Department. Most of this work is being done in the newly annexed districts, in East Oakland and North Oakland. The amount to be expended on the macadamizing is approximately \$350,000.

IMPROVED STREETS.

The streets which are being laid with permanent asphalt are:

Clay street, between First and Seventh, 6 blocks, 1800 feet; Webster street, between Broadway and Twentieth, 7 blocks, 2100 feet; Broadway, between Nineteenth and Piedmont avenue, 17 blocks, 5100 feet; Alice street, between Ninth and Tenth, 1 block, 200 feet; Fifth street, between Broadway and Harrison, 3 blocks, 900 feet; Sixth street, between Broadway and Harrison, 3 blocks, 900 feet; Eighth street, between Broadway and Harrison, 3 blocks, 900 feet; Ninth street, between Broadway and Harrison, 3 blocks, 900 feet; Twelfth street, between Telegraph and Jackson, 5 blocks, 1800 feet; Twentieth street, between Telegraph and Harrison, 5 blocks, 1800 feet; Fourth avenue, between Eighteenth and Clinton, 17 blocks, 5100 feet; Twenty-second street, between San Pablo and Market, 5 blocks, 1500 feet; Jones street, between Grove and Telegraph, 4 blocks, 1200 feet; Twentieth street, between San Pablo avenue and Telegraph, 4 blocks, 1200 feet; Third street, between Broadway and Clay, 2 blocks, 600 feet; Fourteenth street, between 4 blocks, 1800 feet.

In addition to this the Twelfth-street dam, between Fallon street and First avenue, will be paved with permanent asphalt on one side at an approximate cost of \$10,000.

CONSOLIDATION PETITIONS PRESENTED TO THE COUNCIL

Both Documents Contain Signatures Far in Excess of Percentage Required by the Law

The first official step in the direction of consolidating the cities of Oakland and Berkeley was taken last night in the formal presentation to the council of the petitions from both communities asking that an election be called to determine the question of blending the municipalities into one. The petition signed by voters of this city contained 6041 signatures and was a voluminous bundle.

The number of signers was far in excess of the 20 per cent of the voters required by law. The Berkeley petition had 1768 names appended to it.

The announcement that both petitions contained the required percentage of signatures was greeted with an outburst of applause from the lobby.

Councilman Slevater moved that the petitions be referred to the city clerk to determine the validity of the names of the signers. Ellisworth interrupted by suggesting that the entire subject be referred to the city attorney for an opinion as to the procedure.

"I am informed that the calling of the election as petitioned for," said Mr. Ellisworth, "is mandatory and the council has no option in the matter. I suggest, however, that before we make a move in such an important matter that we are assured of our way and the city attorney be requested to advise us on the course we are required to pursue."

The suggestion of the councilman was adopted and City Clerk Thompson took the petitions into custody and stored them away in the big safe in the city clerk's office.

American Saves More Than Foreign Cousin

NEW YORK, March 22.—Figures made public today through the savings bank section of the American Bankers' Association show that the average deposit in American savings banks is almost four times as great as the average for the other countries of the world, and that the average deposit per capita is six times greater in this country than abroad.

The total savings deposits of the world are something more than fifteen billion dollars, and of this sum more than five and a half billion dollars belongs to Americans. One American in every six of the total population has money in a savings bank and the average deposit is \$350.

AUTO DEALERS RETURN HOME
E. P. Brinegar of the Pioneer Company Visits the Factories.

(By J. R. HOULIHAN.)
E. P. Brinegar, president of the Pioneer Automobile Company, returned yesterday from a three months' eastern trip. He brings some interesting reports, fresh from the factories in which he is interested. Brinegar was recently elected to the board of directors of the Chalmers Motor Car Co., vice B. D. Chapin, who has recently been elected president of the Hudson Motor Car Co. While East, Brinegar visited the New York, Chicago, Minnesota and Toronto automobile shows and says that, according to the directors of each, the display and interest of this year far exceeds anything shown before. In speaking of the Hudson Company, Mr. Brinegar states that they are the most active of the newer concerns now in business, and that before the close of the season they will have turned out 5000 cars. "The Hudson is so nearly like the French cars," Mr. Brinegar goes on to state, "and has given such satisfactory results, that the factory, having received innumerable inquiries from all over Europe, have decided to open a London office, with Mr. W. B. Letts in charge." Brinegar looks for the banner season of the automobile business during the coming year.

"Drys" Want Saloon Question on Ballot
Hayward Schoolboy Suddenly Stricken

CHICAGO, March 22.—Application to the supreme court for the issuing of a writ of mandamus to compel the Board of Election Commissioners to put the saloon question on the ballot for the April election, probably will be made by the "drys" if the board decides to throw out the local option petition. A decision on legal points involved will be made by the election board today, but the checking of the 32,000 names of alleged unregistered voters, who signed the petition, with the registry lists, will not be completed until tomorrow night.

HAYWARD, March 22.—Fourteen-year-old Cecil Hilver of this place was suddenly stricken with appendicitis in his classroom at the Hayward grammar school last Friday afternoon and was rushed to the Alameda Sanitarium, where it was found that he was in a critical condition. The boy was relieved by an operation and it is thought that he will recover.

Sagging of Wicked District in Chicago
Terrific Wind Storm Ended by Heavy Rain

CHICAGO, March 22.—Engineers who have been consulted by President Albert P. Keeney and members of the board of local improvements, have reported that the grade of the "Loop" district has settled from six to eight inches in the last twenty years. The weighing of the land with heavy buildings, the undermining of streets and alleys by the Illinois Tunnel Company and seepage are three of the principal reasons advanced by the engineers for this condition.

BAKERSFIELD, Cal., March 22.—Following in the wake of a terrific wind and sand storm, rain that fell to the extent of 2 of an inch brought joy to agricultural interests here last night. Up to the time of the rainfall all men were kept busy bracing derricks threatened with destruction. Tremendous clouds of dust previously had interfered seriously with traffic and business in Bakersfield.

BASEBALL IS THEME OF BOOSTERS' LUNCHEON

Members of Oakland Team Are
Guests of Progress and
Prosperity Committee.

NATIONAL GAME TREATED
AS ADVERTISING MEDIUM

Enthusiasm Runs High and the
Fans Give Tossers Great
Reception.

There was a rousing baseball rally in the Forum Cafe at noon today when the members of the Oakland Baseball Club at luncheon. More solid enthusiasm was crowded into the brief hour which the fans and the heroes of the diamond spent around the dining tables than has been witnessed at a similar gathering in many months. It was hip hip hooray from start to finish, and before the black coffee was served the majority of the business men present declared that they were hopping it up on the bleachers at a real baseball game.

The members of the progress and prosperity committee proved themselves to be true fans of the game, and they were in the mood to give the players a good time. The committee members responded to a toast proposed by Chairman Crug that raised a din which fairly threatened to take the roof off.

WELCOMES 1919 TEAM

J. M. Gardiner, one of the most active members of the committee, was called upon to welcome the 1919 team to Oakland and to all the fans of the game. He assured them of the undivided support of all Oaklanders in their efforts to bring the pennant to this city at the end of the present season. His talk was greeted with another prolonged outburst of enthusiasm.

Proclaiming himself to be an all-around sport, although he confessed that he knew nothing intimate about any game except baseball, he declared that he believed he had succeeded in collecting an aggregation of ballplayers who would spread the city's fame not only from Oakland to the coast to the other, but throughout the whole country.

MAGNITUDE OF GAME

He cited statistics illustrative of the magnitude of the baseball industry in America and told of the great expense which the local management yearly undergoes in order to promote the sport in this city.

When Walters had concluded the toastmaster called upon Hap Fitzgerald, first baseman of the Athletics, to read the sentiments of the team but the indomitable batsman indignantly refused to do so, even to take his place in the speaker's box.

Then Craig attempted to persuade Slim Beusler to save the day for the team but he too took refuge behind his coffee cup and it developed upon Pitcher Dank to speak up for his colleagues. Dank declared that Oakland was a great city and that she would have the greatest baseball team because Manager Wolverton was a great manager.

The lay guests who were called upon for speeches were Philip Reilly, W. H. Welby, Counselman R. C. Vose, Secretary Starrett of the Y. M. C. A. and Charles Reed. All of them declared themselves principally to hailing the team and Oakland but Secretary Starrett took advantage of the opportunity to announce that the corner stone of the new Y. M. C. A. building at Twenty-first street and Telegraph avenue would be laid next Sunday afternoon at 2 o'clock.

Preparing for State Aerie of the Eagles

UKIAH March 22—Arrangements are rapidly crystallizing in regard to the State convention of the Aerie of the Eagles which will be held in Ukiah from May 16 to May 20 inclusive. President R. C. Houghton has appointed a committee of men who have charge of the details and they are all working to insure the success of the affair. It is anticipated that there will be nearly 10,000 people in town from the outside that week and strenuous efforts are being made to entertain them in a manner that will establish Ukiah's reputation for hospitality for all time to come.

The convention will begin on Monday May 16. On the evening of that day there will be a grand street parade. The participants will march to the convention hall and then to the hotel where they will be accommodated. On the morning of May 17 there will be a golf tournament and a tennis tournament. On the evening of May 17 there will be a ball game and a carnival. On the morning of May 18 there will be a golf tournament and a tennis tournament. recited that if the four On Yick men had met the two Yee men at Melrose station on the evening of the alleged robbery, they would not have stopped to rob them, but would have killed them both on sight.

Called One Bare-Faced Liar.

Making it clear that the District Attorney's office had nothing to do with the institution of the proceedings against the accused On Yicks, the motion recited that Yee Ming gave perjured testimony at the preliminary hearing and that Yee Bing stated to the effect that he was the witness-stand.

Upon being asked if he had been at the District Attorney's office on a previous Monday morning with a bodyguard, continued the motion and had made the statement to the effect that he was the witness-stand.

Then the motion elaborated upon Yee Bing's testimony to prove him the bare-faced liar that it set forth. Immediately following came this reference to Deputy Constable Starr.

"Deputy Constable Starr, who admits having been in the employ of the Yee family at a salary of \$10 a day, testified to the effect that he saw four Chinese on a street car going to Melrose on the evening of November 15, 1909, and recognized Low Yen and Leung Bow as being two of these Chinese. He also testified that he happened to be about 300 feet from the Melrose station at the time of the robbery, of having heard a police whistle and of running to the place where the robbery was supposed to have happened, of finding Yee Bing and Yee Ming, who told him of having been robbed by three Chinese."

"Constable Starr also told of lighting a match and finding a gold watch upon the road, also of going to the laundry at Seventh and Union streets with Yee Bing and arresting four Chinese whom he recognized as the men he had seen on the street car, but upon being told by Yee Bing that Ching Tong, one of the arrested men, was not one of the robbers he let him go."

MUST BE "MISTAKEN."

"I do not want to accuse Mr. Starr," continued the District Attorney's motion, "of having committed deliberate perjury, but when he testified that he only identified these Chinese as being the men he had seen on the street car, although he could not tell whether there were any other Chinese on the car or not, could not describe any of the other passengers could not even tell what kind of a looking man the conductor was, to be charitable I will say I think he is mistaken."

Implicating Deputy Constables F. W. Austin and E. J. Carroll as having corroborated part of Deputy Starr's alleged false testimony at the preliminary hearing, the motion quoted Justice of the Peace William R. Geary's reason for not dismissing the case at the preliminary hearing on the motion of the District Attorney Justice Geary said:

KILLS WOMAN DURING HEAT OF DRUNKEN QUARREL

Rancher Fires Shot Into Body
of Companion in Pleasant
Valley Home.

"SHE TRIED TO MURDER"
HE CRIES TO OFFICERS

Motive a Mystery, Though the
Slayer Claims He Fired
in Self Defense.

MARIPOSA March 22—John Frizzle shot and killed Mrs. Peter Singes, a divorced woman at his home in Pleasant Valley Sunday night. The slayer gave himself up.

Mrs. Singes recently sold a ranch on the Merced river for \$500. She later joined Frizzle. Both are said to have drunk heavily, and Sunday evening visited the home of the divorced husband. During the course of their stay there Mrs. Singes and Frizzle had a heated argument.

"She tried to kill me!" yelled Frizzle to the first man that appeared on the scene. He then strode from the house and walking to this place surrendered himself to the police. A body was brought here where an autopsy showed that death had been instantaneous.

NO MOTIVE FOUND

The authorities here are at a loss to ascribe any motive under which it might have been the possession of the money which Mrs. Singes received from the sale of her ranch.

Pleasant Valley, a peaceful looking little town in the hills on the north side of Merced river, near the V. V. railroad, is the scene of many ugly tragedies than any other part of the county. Just a few hours ago, a year ago, Halloran, the section boss, was called to his door one moonlight night in the name of friendship and shot by a jealous Syrian S. Shabazz. Not many years previous a lifeless body without a head was found there and the story never unraveled. These, and many more tragedies mar the spot called "Pleasant Valley."

Bible's Infallibility Questioned by Rabbi

ST. LOUIS, March 22—The infallibility of the Bible was questioned by Rabbi Sale, of Temple Shalom, St. Louis, in an address to a gathering of Congregationalist ministers at the First Congregational church.

"There is no doctrine in the Bible itself," said the rabbi, "for infallibility. Do you think the men who compiled the Bible did not know that the two accounts of the creation could never be made to harmonize? Let them be broad-minded enough to put them aside."

Further surprise was furnished by Rabbi Sale's acknowledgment that he himself is a believer in the theory of evolution.

And while I accept freely the evolution theory," he said, "I don't try to find it in the Bible. I wouldn't do violence to the Bible by trying to find every modern scientific idea in it."

case the false witnesses should be brought to account. He stated his position in the premises saying that as the special prosecutor for the Yee family he was heartily in favor of a Grand Jury investigation. The District Attorney's motion had stated by innuendo that while the witnesses—officers of the law—committed perjury and other criminal acts in connection with this case and if this is true it is a duty the District Attorney's office owes to the people of the county to refer the case to the Grand Jury.

DEFENDS JUSTICE GEARY.

Walsh also stated that the District Attorney's motion accused him by innuendo with having "coached" Lee Ming or Yee Bing in his testimony outside of the courtroom during the preliminary hearing and in denying this he entred into a covert attack on Justice Geary for holding the accused Chinese to the Superior Court for trial.

Things a Man Needs for Easter!

A fancy vest makes him look better
We have some of the late patterns in Broadcloths, Flannels and Fancy Mercerized. Rich and simple colors—ocean blue, hunter's green, browns and most anything else you want.

Priced at \$3, \$3.50, \$4 and \$5

A neat shirt makes him feel better

Correct patterns in shirts for this time of the year are simple figures or stripes on light grounds. A neat black design makes a natty effect for business wear. In day shirts and dress shirts we handle the famous Cluett and Manhattan makes.

Priced at \$1.50, \$2, \$2.50

A bright necktie makes him cheerful

Really about the only thing a man can wear at Easter with any color to it is a necktie. It ought to be of a cheerful color for Easter Sunday—but cheerful color doesn't necessarily mean that it has to be too fancily figured. We have a special assortment of neckwear for this week that is adaptable to close-fitting collars—the kind that slip easily around your neck when you want to tie them.

Priced at .50c

And a new hat adds to his dignity!

Especially if it's one of the latest shapes so that a man may feel that he's keeping up with the style—for there is a style after all in Men's Hats, though it doesn't change frequently enough to be a nuisance! This Spring the soft hats are beautifully colored in serge blue, cream, pearl, brown, fog—and most anything else you want. The stiff hats for young men have rather small brims and set flat on the head. The crowns and brims are larger for older men. These hats worth \$2.50 we will sell!

Special This Week at \$1.95

We are also agents for the John B. Stetson Hats.

Accuses Companion Of Shooting Officer

SAN LUIS OBISPO, March 22—The man arrested at Morro and brought to the County Jail here last night and who at first refused to divulge his identity, now says that his name is John Hodnett. He has admitted to the district attorney that he was at Paso Robles last Wednesday when Police Officer John Rude was shot, but claims that a companion of his did the shooting and that he is innocent of the crime. He had been hiding in the underbrush and saw he had lived on jack rabbits since Wednesday. Sheriff McFadden is on the trail of Hodnett's associate, who has been located on the ranch of Baron Von Schroeder. The officers think that one of these men may have been connected with the killing of Night Watchman Weymark at Santa Clara two weeks ago.

Porpoise to Lessen High Cost of Living

NEW YORK, March 22—The latest scheme for lessening the cost of living, according to New York market men, contemplates the use of the porpoise, or sea horse, as a sirloin.

Glad He's Arrested; Now He Won't Drink

ST. LOUIS, March 22—When Claire L. Smith, son of a millionaire implement dealer of Springfield, Mo., was lodged in Central District police station the other night on a charge of passing worthless checks he heaved a sigh of relief and said:

"Gee, but I'm glad I'm arrested. I will stop drinking now."

Smith, who is 26 years old, says he spent \$850 for whisky in the last few months. He was arrested a year ago for passing worthless checks, but his father settled for him on condition he would quit drinking. He kept his promise for nine months.

"If my wife had only strangled me down, I wouldn't be here now," he said as he gazed at the bars.

Schoolboys Must Pay To Walk With Girls

WATERLOO, N. D., March 22—Twenty-two Waterloo high school girls, headed by Miss Florence B. Stanton, teacher of history, have organized a "walking club" as an antidote to heavy school work.

The girls propose to take long walks into the country as a relaxation, young men being allowed to accompany the club only upon payment of 25 cents per walk for the privilege.

Mystery Surrounds Case of Mrs. Handy

SAN FRANCISCO, March 22—Mrs. J. B. Handy who was taken to the Central Emergency Hospital early this morning in an unconscious condition has recovered her senses and at noon remained extremely reticent and refused to divulge any of the circumstances leading up to her strange condition. Her companion, Ralph Dunnes, who was arrested by 11 police, is still in custody and has the following to say in regard to the affair:

"Mrs. Handy was in the habit of coming into my restaurant daily at 6 p. m. for the past ten months, and last night I invited her to go out with me. We went to Jann's saloon and had a great many drinks, when suddenly she fell in a faint. That is all I know about it. The police are still investigating and I have learned that the woman is a machine hand employed at the Emporium."

POWER COMPANY CONCEDES POINT IN STRIKERS' RANKS

Berkeley Electric Light Corporation Offers to Furnish Lower Voltage.

BERKELEY March 22—Following an agitation on the part of a large number of the improvement clubs of Berkeley, and the commencement of negotiations on the part of the city council for the establishment of a municipal electric lighting plant, the Berkeley Electric Light Company this morning addressed a letter to the council offering to concede the main point that has been raised in the controversy. This is the matter of voltage.

A voltage of 220 potential is used in Berkeley, and the light given is unsatisfactory and is so much more dangerous in handling that it occasions a ruin in the insurance rates according to the residents of the city. The company promised to supply 110 voltage to any consumer in the central portion of the city on application. The letter from the company was received and placed on file it reads as follows:

SENDS LETTER

"Hon. Beverly L. Hodgehead,
Mayor City of Berkeley.
"Dear Sir: Following the conference with members of the board of trustees of your city, I beg to advise that the Berkeley Electric Light Company is willing to supply to its patrons in the city of Berkeley electric energy at a potential of 110 volts in place of the 220 volts, as now supplied upon the demand of any consumer provided that no unreasonable cost for such change will be placed upon the company.
"In the main contested centers of supply, and in well built up sections the change can be easily made but the company does not feel that it should be called upon to make such change in the outlying and partially settled districts where the cost of the change will absorb the revenue for many years to come. It has been possible to make extensions of our electric lighting service as generally throughout Berkeley only by reason of our being able to give service through 220 volt lines. The cost of such extensions, if 110 volts should be used will be prohibitive and the measure revenue to be derived is concerned.
"I desire that your board announce to its constituency, the facts above stated and we will prompt action in change of voltage to any consumer so desiring, upon application to our office in Berkeley.
"Very sincerely yours
(Signed) JOHN A. BRITTON,
Vice-President and General Manager."

Gompers Striving to Avert General Strike

NEW YORK, March 22—Samuel Gompers, president of the American Federation of Labor is in New York today and it is expected that he will make an effort to avert the threatened general strike in the building trades which was voted for March 28th. Eleven thousand bricklayers, it was said, would go out in sympathy should there be a strike. This would completely tie up the building trades.

RAILROADS REQUESTED TO PAY WHARFING OUT RENT

City Council Discovers New Source of Revenue and Calls Upon Corporation to Pay \$1000 a Year

It developed at the meeting of the City Council last night that the Western Pacific was the only one of the three railway corporations that paid the city a yearly rental of \$1000 for wharfing-out privileges which accrue to the city under the decision of the United States Courts. The Gould Company has paid its rental for two years and the Council proposes to go after the Southern Pacific Company and the Key Route corporation.

The neglect of those two latter corporations to duly pay their rent to the city was brought out on discussion that ensued over the request of the Key Route system to have its petition for a year for its wharfing-out privileges and until it did so Mr. Pendleton was not in favor of endorsing its petition.

Attorney Engle declared that his corporate client was willing to do its duty in the matter of paying rent and like the Southern Pacific and the Western Pacific it acknowledged the rights possessed by the city in the water front as assured to it by the decision of the United States Courts. He declared the fact that the company had in petition for franchises on the western water front acknowledged the rights of the city.

"As soon as we can come to some understanding in regard to our privileges there," concluded Mr. Engle, "We will willingly pay our rent."

Superior urged that the petition be commended, as it was on the step of forming the walls that are to enclose the harbor basin, which is a feature of the wharfage development of the western frontage. That matter was finally laid over until next week, when representatives of the Key Route corporation are requested to be present at the Council and explain what they intend to do about paying rent.

WATER SCHEDULE.

The Peoples Water Company asked for and was granted further time in which to prepare its replies to the interrogatories propounded by the President of the city as preliminary to fixing the schedule of rates for the ensuing year.

As an error had been made in failing to publish the acceptance of proposals for the extension of the water main, the clerk was redirected to readvertise for bids.

ONLY DAILY.

Attorney Shoup for the company requested that the advertisement should be published in THE TRIBUNE. "We pay the cost of advertisement," said Mr. Shoup, "and as the law requires the advertisement shall be published daily for twenty days I consider that THE TRIBUNE is the only daily paper published in Oakland and therefore as a matter of certainty request that the publication be made in that paper."

By resolution the sum of \$499 was appropriated for the decorating of the municipal building during the encampment of the G. A. R.

KICKS AT LAWYERS.

"We are paying good salaries, have a brilliant array of legal lights and can't get them to do anything," declared Councilman Stiefvater, who desired to know what had become of his request for information concerning the rights of the city in extending the western ends of the street to the water line.

Mr. Koford admitted that the abstract company was delving into the matter. "Have they been at it for six months?" queried the Third Ward representative. The promise was made that a report would be forthcoming at the next meeting.

AUDITING AND FINANCE.

The following resolutions were adopted upon recommendation of the auditing and finance committee:

ST. VITUS' DANCE HELPED AT ONCE

Patient Improved Steadily and Was Cured.

A Case at Pasadena Which Showed Astonishing Results Under the Tonic Treatment.

Most cases of St. Vitus' dance may be quickly cured if taken in time. If neglected, complications are liable to ensue which will prevent recovery for months and years.

The disease is an affection of the nervous system and may affect the entire body or perhaps one side or certain muscles. It occurs often when the second teeth appear or when there is a special strain on the nerves, such as overstudy.

Dr. Williams' Pink Pills cure St. Vitus' dance because they build up the blood and supply vitality to the wasted nerve centers. Of this remedy Mr. J. O. Merrill, of No. 965 Winona avenue, Pasadena, Cal., says:

"My son, Vance, suffered from St. Vitus' dance as a result of being scared when he was six years old. He broke down soon after school closed. The disease started with the muscles of his face and shoulders twitching. The muscles of his eyes and neck were also affected. His heart was affected and he had to be very careful not to excite or scare him. He was fretful, easily irritated, pale, and greatly run down. He was so nervous that we could not send him to school.

"He was treated by a number of doctors but was not cured. Then upon the advice of a neighbor, whose daughter had been cured of St. Vitus' dance by Dr. Williams' Pink Pills, we began giving him the pills. We could not get relief from the first box as he became quieter. He improved steadily, took on flesh right away and was cured. It has been over a year now since he took the pills and we have noticed no signs of the disease at all. Dr. Williams' Pink Pills are the first medicine I would use for St. Vitus' dance."

Dr. Williams' Pink Pills are guaranteed by the manufacturers to contain no opiate, narcotic or anything that could injure the most delicate system. All druggists sell Dr. Williams' Pink Pills, or they will be sent, postpaid, on receipt of 50¢ per box, six boxes for \$2.50 by Dr. Williams' Medicine Company, Schenectady, N. Y.

J. Franco and M. Silva, 1501 Fifth street.

V. Santi was granted permission to withdraw his application for a liquor license to conduct saloons at 3800-3802 East Fourteenth street and it was declared to be the sense of the council, that a permit shall not be granted to conduct a saloon at the above location.

The application of Holm and Kilbey, 2710 East Fourteenth street was denied.

The Lafayette Wine and Liquor Company was granted permission to withdraw its application for a transfer which had been unfavorably reported to the council by the license committee.

A resolution was adopted accepting the deed of the San Francisco, Oakland and San Jose Railway Company dated March 4, 1910, dedicating a strip of land for street purposes at Louise and Thirty-second streets be accepted.

TRACTION FRANCHISES.

Acting upon the recommendation of the railroad committee the clerk of the council was directed to give notice of the amended application of the Oakland Traction Company for street railroad franchises upon Walla Vista avenue and Thirtieth avenue, also on Nelson avenue, Florence avenue and private right of way, and the Oakland Traction Company was permitted to withdraw its original application made by it on the 7th day of February, 1910, for franchises over the streets named which it amended so as to give certain street lights.

Winners in "A-1" Flour Contest

It is with pleasure we announce the following as winners in our verse contest. Prof. M. C. Flaherty of the University of California was final judge in the matter. He says it was a difficult matter, out of the many contributions sent in, to select eight that had more merit than many of the others. We think, however, that he has made a fair decision:

- FIRST PRIZE, \$100.00—Mrs. Richard Froboese, 764 Haight avenue, Alameda.
- SECOND PRIZE, \$75.00—D. E. Martin, 988 Valencia street, San Francisco.
- THIRD PRIZE, \$50.00—Miss Clara Maxwell Taft, 1363 Harrison street, Oakland.
- FOURTH PRIZE, \$5.00—Elton R. Younger, Veteran's Home, Napa county, California.
- FIFTH PRIZE, \$5.00—W. D. Claussen, Sausalito, California.
- SIXTH PRIZE, \$5.00—T. M. Stack, office Chief Quartermaster, Chronicle Building, San Francisco.
- SEVENTH PRIZE, \$5.00—Edith Lowenthal, 1380 Masonic avenue, San Francisco.
- EIGHTH PRIZE, \$5.00—E. P. Crowther, Barber Tract, San Anselmo, California.

The verses which have won prizes will be used frequently in our advertisements. We wish we had a prize to present to everyone entering the contest; however, we thank each one heartily for the interest shown.

WARSHIP'S CREW GET SHORE LEAVE

Quarantined Officers and Men of the Washington Given Freedom.

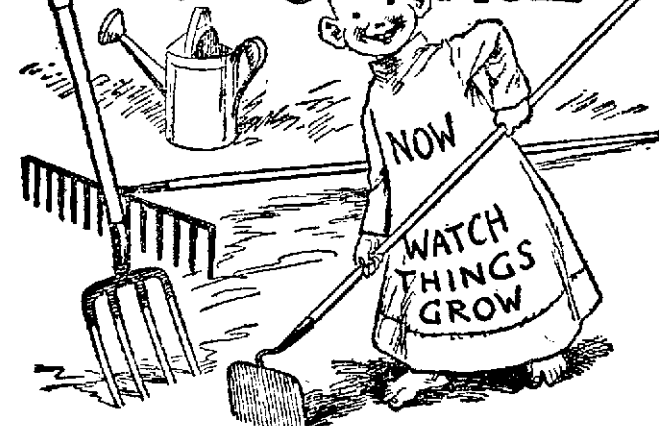

SEATTLE, March 22.—Officers and men of the armored cruiser Washington, which arrived at the Puget Sound navy yard yesterday from the Angel Island, San Francisco quarantine station, where it was sent for fumigation, following the recent smallpox epidemic aboard, are today enjoying the first shore liberty they have had since the Washington left Honolulu early in February. The men are said to be three months in arrears in pay owing to the smallpox epidemic and the big pay day will be the latter part of this week.

The cruiser shows the effect of the 17,000-mile cruise she has just completed and much work will be required to put her in shape. The Washington will be at the navy yard until June 25th.

On the completion of the repairs the vessel will sail for Buenos Ayres, where she will take the place of the cruiser South Dakota, which, with the Tennessee, has gone to attend the centennial festivities of the Argentine port.

Report has it that the Washington and Tennessee are to be permanently assigned to duty with a special armored cruiser division of the Atlantic fleet.

CHORUS GIRL NEITHER WILL STRAPS GIRL WEDS ACTOR REVEALING ROMANCE WEDS AGAIN, SAYS MRS. HAVENS CYCLE AND ELOPES CUSTODIANS THINK CLAIMANT IS AN IMPOSTOR

Former Mrs. George Whittell, Jr., Is Now Bride of Robt. Warwick.

BETROTHAL WAS FIRST TOLD IN THE TRIBUNE

She First Met Present Husband While in Minor Role in Same Company.

A stage romance which first came to light in the columns of THE TRIBUNE last October has reached a happy culmination in the announcement that Robert Warwick, the actor, and Josephine Cunningham, formerly the temperamental Mrs. George Whittell, Jr., of Alameda, were married yesterday in Cleveland, O., where the bridegroom at present is playing with the Henry Miller company.

SAID SPIRIT WAS CRUISED.

When their troubles finally came under the jurisdiction of the court Mrs. Whittell asserted that her wealthy husband had crushed her spirit by his brutality and she had crushed his trunk by throwing it out the window. The divorce decree was finally awarded the wife.

Before her first marriage Mrs. Whittell was a member of one of the original Floradora sisters. After her divorce she returned to the stage under her maiden name of Cunningham, and it was while filling in as a chorus girl in one of Warwick's productions at the Valencia theater in San Francisco that she first met the actor.

AT FIRST DENIED ATTACHMENT They were seen together frequently, but both denied a serious attachment until the announcement of a bona fide engagement was finally printed in THE TRIBUNE. Then both gracefully acknowledged their coming marriage, and when Warwick left San Francisco to fulfill an eastern engagement his fiancée accompanied him.

Warwick is considered a talented actor. He has been leading man for Mary Manning, Grace George, Virginia Harned, Katherine Grey and other prominent actresses. His people live in this city. He is the son of Louis Bohn and the brother of Mrs. A. B. C. Bohman.

Arrest Three Boys For Taking Lumber

ALAMEDA, March 22.—Ralph and Clarence Reid and John Miller of San Francisco were arrested by Policeman Huff of the local police department yesterday and booked at the city prison on a charge of theft by receiving.

The boys were taken from a house under course of construction on Peach street. The lumber was used to build a boat from off the beach.

Detective Wahmuth Winner of Shoot

ALAMEDA, March 22.—Detective William Wahmuth made the highest score in the regular semi-monthly shoot of the police department yesterday afternoon, piling up a score of 61 points. He defeated Policeman Williams, former champion, by three points.

Leslie Brown Admits He Was Intoxicated

Leslie Brown, formerly a candidate for the office of City Attorney on the Socialist ticket and at present a spell-binder for the Modern Workers of America, who was arrested two weeks ago on a charge of drunk and pleaded guilty, today appeared in Judge Samuels' court and reversed his plea. Judgment was suspended in his case.

DRINGS ALL ROADS INTO RATE CASE

Lemon Growers Charge Lines With Attempting to Destroy Competition.

LOS ANGELES, March 22.—Virtually every railroad in the United States is made defendant in the United States supreme court case known as "Lemon v. Interstate Commerce Commission," which will come up for hearing before Commissioner Prouty of the Interstate Commerce Commission tomorrow. The list of the defendants, six printed pages and more than sixty attorneys will be on hand to represent them.

Conspiracy to destroy competition is one of the allegations charged by the citrus growers. It is charged that the increase in the freight rate on lemons in 1909, was effected "by concert of action," and that thereafter all competition between the carriers for the citrus fruit was destroyed.

Since the higher lemon rate was put into effect, in groups, have obtained injunctions restraining its enforcement. They are compelled to deposit the amount of the increase on each shipment with the court, pending a final decision of the various cases.

WEDS AGAIN, SAYS MRS. HAVENS

"No," She Replies to Question of Second Marriage, But Adds, "Forthwith."

DECLARES HER MOTIVES WERE MISCONSTRUED

Denies She Called Piedmont Society Too Slow for Her Liking.

That neither Mrs. "Bud" Havens or her husband, son of a prominent millionaire of this city, contemplate marrying again when the divorce courts have made them free, is the statement made this morning by the wife when interviewed in her apartments at the Hotel Stewart.

"This is about the fiftieth time that I have said 'No' to the question as to whether I contemplated a second marriage," declared Mrs. Havens, "and I say 'No' too, for Mr. Havens, I believe he has no intention of marrying again forthwith."

MRS. HAVENS PIQUED.

Mrs. Havens is a little piqued by the gossip of the teacups in Piedmont which has been gently wafted to her by sympathizing friends. She asserts that she has been misquoted, that her motives have been misconstrued and that she did not say the things reported to her about the smart set of the colony on the hills.

"I never said that Piedmont society was too slow for me," she protested. "I might have remarked in a general way that New York presented a larger sphere musically and otherwise, but I did not criticize society across the bay. Louis R. Titus, who is one of my friends, is also anxious to deny some of the allegations which have been made, and which he knows are untrue, and he is zealous of setting me right in this matter."

EXPLAINS SHREVE & CO. EPI-SODE.

"I went to Shreve & Co. to aid Mr. Titus in the selection of a present for a relative of Wickham Havens, and he did not give me the ring which I am now wearing."

Mrs. Havens evaded the subject of the actual events leading up to the decision of her husband and herself to seek the divorce courts as a step to future happiness. She would not discuss it, although admitting that she preferred New York to Piedmont and declaring that she could not say whether that alone was responsible for her desire to seek relief from marital bonds.

"I am weary of all this notoriety," she concluded, "I would like to let the thing drop, although I do want my side satisfactorily explained."

A Little Talk on Quality

If you are told the truth about a cheap Piano, you will never buy one.

In order to sell you one the dealer must misrepresent the quality and you will discover the reason of its low price in a year or two. That dealer will never sell you another Piano, nor will you recommend him to your friends.

We could sell a great many cheap Pianos, but, believing in the value of a satisfied customer, we prefer to put quality first.

In buying a Piano it is wise to buy the best you can afford. This is not extravagance, but economy, for, aside from the satisfaction of playing on a good instrument, there is the consideration of its value after some years of use. A good Piano is always worth a fair price—cash or in trade—but a cheap one is "junk" a year or two after it leaves the salesroom.

The Pianos we have chosen from among scores of the best makes are built to retain their excellent qualities and to give continued pleasure and satisfaction. Every make we represent is the very best at its price and is fully guaranteed.

Terms of payment arranged to suit you.

WILL PROBATED.
SAN FRANCISCO, March 22.—Yesterday the will of Patrick Madden was admitted to probate by Judge Graham, who appointed Rev. Father James B. Cooper, as executor of the estate, which is valued at \$4600. Madden died in the almshouse February 25, 1909. While an inmate of that institution he inherited the money represented in his estate from a half brother. The beneficiaries under the will are Mary Gorman, a girl child, Mrs. Ann Lennan and Father Cooper.

Save This Recipe for Cough Syrup—It's Splendid.

You can make this unequalled cough syrup at home in five minutes and you will find it a very handy household remedy. A few doses usually conquer a deep-seated cough. This recipe makes a full pint for only 14 cents, and lasts a whole family a long time. Tastes good, too. There is nothing better at any price.

Take a pint of granulated sugar, and half a pint of warm water and stir for about two minutes. Put 2½ oz. Pine in a pint bottle and fill up with the sugar syrup. Take a teaspoonful every one, two or three hours.

You will also find this simple remedy excellent for whooping cough, bronchitis, hoarseness, chest pains, etc.

This recipe will not work with any of the weaker pine preparations. Use the real Pine itself, which is the most valuable concentrated compound of Norway White Pine Extract. Your druggist has it, or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

DISCUSSION OVER LAKE WATER RIGHT

Daniel O'Connell. Protests to the Supervisors Against Great Price.

SAN FRANCISCO, March 22.—At the meeting of the Board of Supervisors yesterday the consideration of the purchase of the Hammond Hall and the Lidenhall Lake Eleanor water rights and lands for \$1,000,000 was taken up as a special order of business. Daniel O'Connell appeared as the representative of the Public Ownership League and protested against the price, claiming that \$400,000 would be a liberal amount for what was being offered to the city. O'Connell's statements regarding the topography of the region drew the remark from City Engineer Manson that it was "interesting, but not accurate." O'Connell's reference to Jawbone creek and other tributaries drew from Mayor McCarthy the comment that "there seems to be a great deal of jawbone in this discussion."

O'Connell was finally choked off, and after City Engineer Manson had explained the details of the city's position in the Lake Eleanor region, the subject went over for further consideration until tomorrow night when City Attorney Long will be present to advise the board.

BANKRUPT.
SAN FRANCISCO, March 22.—L. A. Bates, a San Jose contractor and builder, has filed a voluntary petition in bankruptcy in the United States District Court setting his liabilities at \$16,086.51, and his assets \$1049.55. E. A. Stalton, designating himself as "an assistant manager," has also filed a petition in the same court to be declared a bankrupt, representing that his liabilities, which were incurred for household expenses in Marin county, amount to \$3505.55 and that he has no assets.

THE CLASSIEST ACROBATIC ACT ON THE STAGE

LES THEODORS AT THE BELL.

When one mentions an acrobatic performance nine-tenths of the people are not interested and for good reason, but here comes the exception to the rule for this is a special invitation to go to the Bell Theater this week and see Les Theodors, two of Europe's most artistic performers in a combination acrobatic-acrobatic stunt that is all to the good. Their act combines feats of grace and skill with a few thrillers, added for good measurement. The marvelous endurance of the pair is what astounds the spectators, for an act in any way similar to this distinct novelty has never been seen here. It outclasses the ordinary acrobatic act so far that there is no comparison. You must see them and when you do you'll see a bill that is great all the way through.

RANCHER PRISONER DOWN DEEP WELL ANNOUNCE SERVICE FOR STONE LAYING

Rescuers Spurred On by the Sounds of Tapping Coming From the Abyss.

MONROVIA, Cal., March 22.—Faint sounds of taps, coming from the abyss of a caved-in well, are spurring a score of workers on the Bradbury ranch today to redoubled efforts to save William Tickering from death in the deep hole.

Tickering, the ranch foreman, fell into the well last night when he stepped upon a rotted portion of wooden concrete which covered the hole. The rescuers were put to work at once, but the heavy rains of the past twenty-four hours rendered the ground about the well too dangerous for the men to make much progress toward the entombed man during the night.

It is believed that Tickering is down more than 75 feet. Men protected by lifelines tied about their waists are now chopping their way through broken timbers in an effort to reach Tickering before he is suffocated. The tapping of the imprisoned man could be heard throughout the night. Tickering came here from San Diego.

Increased Imports Of Raw Materials

WASHINGTON, March 22.—Manufacturers' material, according to the February report of the Department of Commerce and Labor, continues to show an increase in the record of United States imports, while manufactures in most cases show a decline, as compared with the corresponding period a year ago.

The report shows increases in imports of hides and skins, India rubber, wool, tin, cotton, nitrate of soda, wood pulp, furskins, coal, sugar, leaf tobacco and cut and uncut diamonds. On the other hand, cotton laces, hosiery, linens, silk dress goods, cotton cloths, champagne, cotton knit goods, books, silk laces and numerous other manufactures show a decline when compared with the imports for February a year ago.
